

Environmentally friendly Herbicide

5 litres
white vinegar

250g
salt

30ml
dishwashing
liquid

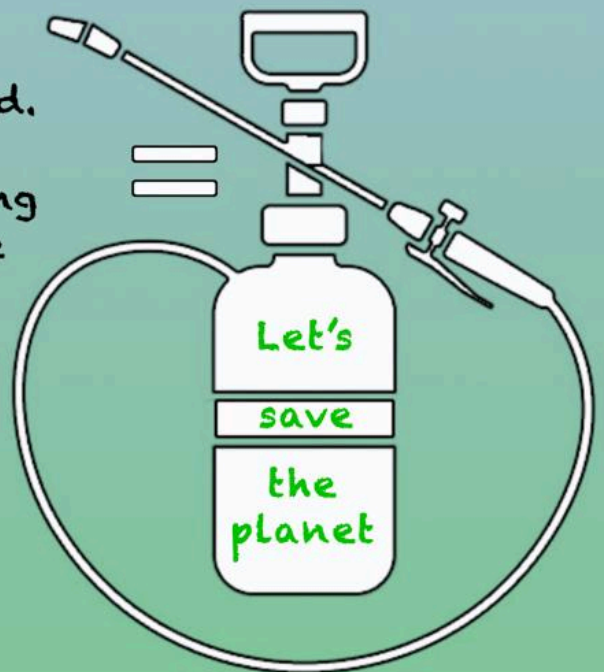

10ml
Orange
Essential oil

MIXING METHOD

Pour the salt into the vinegar then shake until all salt is dissolved.

Mix the essential oil and dishwashing liquid together and then add to the salt & vinegar mix.

- *This recipe will fill a 5 litre pump spray.
- *Rinse the sprayer thoroughly after each use.
- *Only use spray on very sunny days, after the dew has evaporated.
